COMMENTS FROM THE TOWN MANAGER'S OFFICE

The lack of stormy weather has required the laying off of truck drivers and mechanic in the Highway Department. The layoff is partial and is effective three days weekly, Monday through Wednesday. The men will work on odd jobs the remaining 2½ days. This order will be in effect until the next snow storm. Last week the town crew cut firewood on the Town Farm woodlot to provide a supply for the Community Room another winter, and for any potential welfare cases.

Two new street lights have been installed on Church St. The lights have been installed on a trial basis by the Central Maine Power Company until town meeting at no charge to the town. There is an article in the town warrant authorizing the installation of two 11,000 lumen mercury vapor lights to replace two 1000 lumen lights on Church Street near Gould Academy. If the article is voted the lights will remain, if passed over they will be removed. The same article also asks for a 100 lumen light to be installed on Eden Lane near the residences of Sumner Burgess and Stanley Brown.

The 1961 Town Meeting warrant has been drafted and signed by the Selectmen and is ready for posting by the constable.

The closing date for filing nominations with the Town Clerk for town office is Saturday, Feb. 18th.

Sincerely,
Harold L. Bean

A. C. Saunders Heads Area Dev. Corporation

The Third Annual Meeting of the Bethel Area Development Corporation, held at the West Parish Congregational Church Tuesday, Feb. 14, was attended by about 70 residents of the Bethel Area.

Following a delicious chicken dinner served by the ladies of the church, all present heard a most interesting "down to earth" talk on community development by George Chennell who was making his first public appearance in Maine as the new Vice President of the Casco Bank & Trust Company in charge of Business and Industrial Development. Mr. Chennell discussed in detail the "Three P's" of community development — Planning, Programming, and Promotion; and he emphasized particularly the fact that the success of all three depends entirely on the amount of effort put forth by the individual citizens who comprise the community. In the course of his remarks, he also commented most favorably on the work already done by the B.A.D.C. during its first three years of operation.

Mr. Chennell was introduced by Halsey Smith of Portland, President of the Casco Bank, who briefly outlined the speaker's extensive background in the industrial development field, and stated this his principal function with the bank would be to assist local groups like the B.A.D.C. with their own development programs.

At the brief business meeting of the Corporation, those present heard the annual reports of the President, Secretary and Treasurer, and elected the following directors for three-year terms: Kimball Ames, Guy P. Butler, Charles E. Heywood, Arthur F. Lincoln, and John W. Trinward.

The Board of Directors, meeting immediately after the general meeting, elected officers for the coming year as follows: President, Addison C. Saunders; Vice President, John W. Trinward; Secretary, Guy P. Butler; and Treasurer, Edmond J. Vachon. Howard W. Cole, the retiring President, thanked all members of the Board for their whole-hearted support and cooperation during his tenure of office; and Mr. Saunders, the new President, announced that committee appointments for the year will be made within a few days and that a meeting of the Board will be called in the near future for a discussion of the year's program.

Mr. and Mrs. Earl Davis attended the Oxford County Rural Letter Carriers Assn. meeting at East Sumner on Saturday evening. A pot luck supper and social evening was enjoyed. RESOLUTIONS OF RESPECT

Whereas it has pleased our Heavenly Father to call from our midst our beloved sister, Marguerite Bartlett, and in view of the loss we have sustained in our grange and community—

Therefore, be it resolved, that it is a just tribute to the memory of the departed to say that, in regretting her passing, we mourn for one who was a faithful, diligent and cheerful friend and worker, and one who will be greatly missed by all.

Therefore be it further resolved that we spread a copy of these resolutions on our records; have a copy printed in the Bethel Citizen, and a copy sent to her family.

Aider River Grange, No. 145 extends its sympathy to the bereaved family.

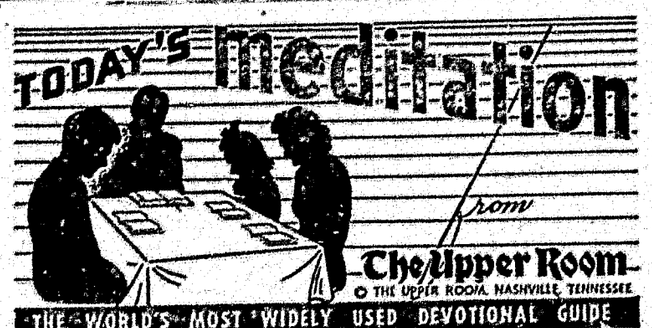
TODAY'S meditation



Thursday, February 16
Read I Corinthians 4:1-7

What have you that you did not receive? If then you received it, why do you boast as if it were not a gift? (I Corinthians 4:7, RSV.)

Toscanini was rehearsing Beethoven's "Ninth Symphony" with the New York Philharmonic Orchestra. He gave his musicians such a new insight into the music that, when the rehearsal ended, they rose and applauded him. Desperately, Toscanini tried to arrest their ovation, waving his arms wildly, crying to them to desist.

When there was a lull in the ovation, Toscanini's broken voice could be heard exclaiming—and there were tears in his eyes as he spoke: "It isn't me, men.....it's Beethoven. Beethoven is everything—Toscanini, nothing."

The great souls of this world are the humble. The rest of us, even the best of us, have our little pride and our not-so-little arrogance. Sometimes when I catch myself in the act of bosting, I think of the Pharisee and the publican. Modesty becomes us, for we have much to be modest about! Nothing to be puffed up about!

PRAYER: Be patient with us, Father, as we come humbly into Thy presence. Dwell in our heart, helping us to be like Thy Son in thought, attitude, and decision. In His name we make our prayer. Amen.

Thought For The Day
No garment is more becoming to a child of God than the cloak of humility.

MT. ABRAM CONDITIONS GOOD TO EXCELLENT

Skiing conditions at Mt. Abram Ski Slopes are good to excellent, with their companion attractions of skating and tobogganing rated as good. The parking lot was filled during the past week end.

Many teenagers enjoyed the Saturday night record hop and skating party. The king and queen were Gard Plummer of South Paris and Bev. Roberts of Locke Mills. The door prize went to Geneva Kimball of Locke Mills. Other winners were: spot dance, Dick Angevine and Sue Coppick, Bethel; skaters' waltz, Dwight Mills and Phyllis Kimball, Locke Mills.

Urged by the mothers, a fathers' group is taking skiing lessons and accomplished more in one lesson than the mothers did in three lessons.

Mount Abram Ski slopes are open during the week from 9 a. m. to 4 p. m.

A TRIBUTE

A tribute to Leslie Davis should and can be stated in simple words.

His life was an influence for good to everyone and everything it touched. His unselfish concern for the welfare of all extended to his church, his school, his business associations, his friends and most especially his beloved family, even to the least small grandneece, nephew and cousin.

Such a rare quality lives on forever.

Success is in the way you walk
the paths of life each day;
It's in the little things you do and
in the things you say.
Success is not in getting rich or
rising high to fame;
It's not alone in winning goals
which all men hope to claim.
Success is being big of heart and
clean and broad of mind.
It's being faithful to your friends
and, to the stranger kind.
It's in the children whom you love,
and all they learn from you;
Success depends on character and
everything you do.

LINCOLN ACROSTICS

From Doris Lord's Reading Group:

Let us honor his mighty name
In silence or with loud acclaim
Never to forget his deeds
Caring to uphold his creeds
Over and over let us sing
Now is the time to follow his deeds. —Ned Robertson

Lincoln was always pleasant and kind,
In school he had an intelligent mind
Nominated for president in 1861,
College was for Robert, his oldest son.
On April 1865, untimely death was Lincoln's lot,
Loved by the negroes for whose freedom he fought,
Now children everywhere his virtues are taught.
—Eileen Saunders

Loyal and true was this great man
In politics he took his stand
Noble and truthful in his strife
Country, was his only life.
Onward not backward on his way
Loving each moment of every day
Never a man we'll find so dear
to be remembered from year to year. —Jean Robertson

Eight new members were accepted into membership. These were: Al Baker, Andy Boyd, Herschel Glines, Ralph Hall, Mrs. Louise Lincoln, Rev. Clifford Laws, Blake MacKay and Jay Willard.

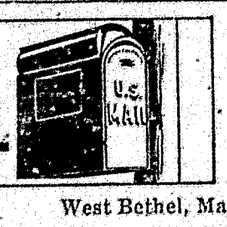
LETTERS TO THE EDITOR...



To the Editor: West Bethel, Maine

Is Bethel really this hard up? If we are, something more desperate should be done than just letting five men work only 20 hrs. a week.

Last Saturday I was informed that the Town of Bethel was only going to allow the men to work 20 hrs. a week.

If this is a fact and I am sure it is I would like to know whose idea it was and why they recommended it. Could this person or persons think they could live on the wages this will give the town employees? If so I would like to have them answer this letter next week and explain just how they would do it, as I have been looking for a way for some time to cut down on my living expenses.

What is going to happen to the money we are supposed to save by doing this?

Will our taxes go down? If they should it would be the biggest surprise in the history of Bethel.

I understand the men will work Thursdays, Fridays, and one-half a day Saturdays and of course if we have a snow storm any other day of the week, then they are supposed to work enough extra to clean up the storm. Here is what I would like to see happen next Monday, about 18 inches of snow Monday morning and then have all five men call in and quit their jobs as of that minute (a good excuse for something like this would be that they couldn't stand it to work over 20 hrs. a week). Then I would hope that the Town Manager or Selectmen couldn't find anybody to drive the trucks to plow. This would really fix the old Town up in good shape.

I'm sure there is plenty of work the town could have these men doing while they are waiting for the next storm, such as splitting wood, cutting wood on the Town Farm or cutting brush beside some of our back roads.

My sympathy goes to you five men that are only allowed to work 20 hours a week. I only wish that the person or persons that are responsible for this had to get by on the "big" pay checks you boys will be getting instead of you.

Sincerely,
A Bethel Taxpayer

Dear Editor:

A word of appreciation for the story of the old "West Bethel Hotel."

While I speak only for myself, I feel that we who live in this little village should be grateful for the courage of the author in "speaking up".

It is interesting to know the history of the dwellings in our town, but it is more important to take pride in one's community, and to exert one's efforts toward making it a place to be proud of now. At first glance the stranger driving through sees a neat orderly street, and then it is shockingly marred by the wretched hulk of the old hotel.

We have all been steadily trying, as we could, to improve our homes. Even the smallest renovations are costly today. Having a tumbledown property in our midst depreciates other properties markedly especially if one wishes to sell.

I do sympathize with the owner about the destructive things that have been done to this once proud house. There should be enough activities for country children as well as the supervision to use them, so that they are not tempted to depredations of property. However, had care and imagination been used on the house when first acquired it could have been made into an attractive apartment house, with neat lawns, which would enhance the community, and bring revenue to the owner.

There is constant fear in the community of fire starting in this old house, and in a community like this, which often has winds off the mountains, the chance of complete destruction of the village is not a remote possibility. A highly potential fire hazard exists.

Thank you again to the author and to you the Editor, for printing the interesting story, and reminding us all that we do have a heritage of a pretty town, and that we should endeavor to keep it that way for our own health, safety and enjoyment as well as that of our visitors.

Sincerely yours,
Elizabath A. Mason

SCHOOL NEWS

The Crescent Park School recently received two Science Research Associate Reading Laboratories. The reading labs which will be used this year in grades four, five and six are intended as a supplement to the regular reading program. Pupils will begin working with the labs following mid-winter vacation.

Each lab contains reading assignments developed for pupils of different reading ability. For example, the lab to be used in grades four and five provides reading levels ranging from 1.2 to 7.0 or, in other words, from easy to difficult readings. Before a pupil begins to work with the lab, he is given a brief test to determine his level of reading ability. He then begins work at the level at which he can succeed.

Pupils successfully completing reading assignments at one level then move on to the next highest level. A feature of the lab is that each pupil keeps his own record in a student booklet furnished by the school. This allows pupils to progress according to their own abilities.

Mid-winter vacation for all schools in Union 22 will begin Feb. 17. Classes will resume on Monday, Feb. 27.

The West Paris School Committee met with the West Paris teachers last Monday night. The meeting which was held at the High School was devoted to consideration of a salary schedule proposed by the teachers association.

Sunday Punch has been singled out for praise by most Sunday River skiers, and it has been termed by the racing fraternity one of the top slalom hills in the East. The enlarged trail system has helped to relieve some of the traffic in Cascade and has also taken some of the crowd from the lift line, thus assuring good skiing with a minimum of waiting.

MISS OXFORD COUNTY PAGEANT PLANS GO FORWARD

At least four judges have already been selected for the "Miss Oxford County" pageant to be staged at the William Bingham Gym in Bethel, March 17th. They include a prominent minister and, a judge of last year's "Miss Maine" contest.

Having seen the estimated budget of the Awards Committee, I will at this time pass that figure on to you. Here it is, so hang on! Five hundred dollars. That's right, $500.00 worth of awards to be presented to our contestants on the night of the pageant. All final contestants have not been selected as yet, so hurry your entry to Mr. Richard Blake, Bethel, Maine. Closing date on entries is March 1st to allow ample time for screening of last minute contestants before the pageant.

Now to give you some idea of what you can expect to see at the pageant. It is not just a beauty contest, but a combination of three different judgings. First, all contestants will appear in evening gown to be judged for poise and grace. Next, talent, each contestant will display in a three minute routine of her choice, a variation of many acts, ranging from tap dancing, singing, playing a musical instrument, to pantomime or a selected reading of a famous poet or author. Then last but not least, bathing suit competition where all contestants will be judged for beauty of face and figure.

Sale of tickets, both patron and general admission, are now on sale, but they are both limited. Only 500 tickets have been printed and when they are gone, that's it. If you don't have one we feel you will have missed one of the best shows to have been staged anywhere in the state of Maine. If you want to be sure of a ticket, call or write Mr. Eldon Greenleaf, ticket committee, Bethel, Maine. He has both patron and general admission tickets available.

Thank you, and watch this paper for more facts on "Miss Oxford County" next week.
